Forensic Medical Issues in General Practice  
Monday, 6 February 2012  
7.30pm – Ararat Hospital

# program

**7.20pm – Registration**

**7.30pm – Meal**

**7.45pm – Dr Well’s presentation – Forensic Medical Issues in General Practice**

**9.30pm– Questions**

**9.45pm – Evaluation and close**

## **Learning objectives**

1. Outline the role of the clinical division of the Victorian Institute of forensic medicine and pathways to educational opportunities in forensic medicine
2. Recognise common situations where collection of forensic evidence by regional medical officers may be required
3. Identify procedural/legal requirements to label and record evidence collected in common situations
4. Describe support processes for the patient during the collection of evidence
